COMMON COUNCIL. Common council was called to order by

President Bolenius, with the following nembers present : Frank B. Adams, Joseph Adams, Auxer, Bare, Beard, Bertztield, Cormony, Dickel berg, Eberman, Goodeli, Hershey, Huber, Hurst, Kendig, Lichty, Lippoid, David E. Long, John B. Long, Mayer, McLaughlin, Schum, Spaeth, Bolenius, president.

The minutes of the last stated and special meetings were read and approved. Common council ordinance No. 1 introduced at the last meeting by Mr. Hurst, appropriating the public moneys of the city of Lancaster to the several departments thereof, for the fiscal year commencing on the first day of June, 1884, the amount to be appropriated being \$169,-800 was introduced. The ordinance had been read and referred to the finance committee at last meeting and was reported to common council with au Ann; gutter ou Locust alley, from Miller's affirmative recommendation. The ordinance was read last evening a second and

third time. Mr. Beard offered an amendment that named.

Mr. Hurst desired that Mr. Beard should withdraw his amendment, as it was highly necessary to use the money at present in the way mentioned in the ordinance. Mr. Hurst also thought that it is not judicious to adopt the amendment, as that much money could not be spared from the contingent fund. Mr. Lichty could not see the necessity of

having so large an amount in the contingent fund, especially now that it is altogether essential that streets upon which building being done should be put into condition Mr. Bertzfield said there is a general complaint all over the town regarding the poor condition of the streets. He be-lieved that it would pay the city to extend its water works.

Mr. Hurst said that no one doubts that there should be more money appropriated to extend the water mains. But the city has not now more money than is essential to the contingent fund. There are a great many things arising continually the pay ment of which is to come out of the con tingent fund. He thought that if any time hereafter any money is needed from the contingent fund it can be transferred by resolution.

following vote was given : Yeas-Messrs. B. Frank Adams, Joseph Adams, Auxer, Beard, Bertzfield, Cormeny, Dinkelberg, Eberman, Goodell, Hershey, Huber, Kendig, Lichty, Lippold, Spaeth and Bolenius, president—16. street; repair Christian street between Walnut and Lemon.

Petitions Presented Petitions were presented as follows and eferred to the street committee : For setting back fences on St. Joseph street to Laurel alley on the line of

For laying gutter along St. Paul's M E. church on South Queen street. For a new crossing at the corner of North Queen and James streets, and for macadamizing of the "dlamond" there.
Declaring the stable of Mr. Jacob Hart mao, in the Ninth ward, is a nuisance which should be abated. Referred to the sanitary committee.

Report of Committees, The report of the fire committee shows that some changes and improvements

were made. The committee which had been appoint ed to examine into the manner in which the Lapcaster street railway is being laid and whether they are using flat or rails, reported progress and asked to be continued. Granted.

The finance committee's report was

approved to the amount of \$3,664 58 on May 16; on May 30, 51 bills were read and approved to the amount of \$2,800.17. The city treasurer's report was read and shows that the total receipts are \$45,504 67; total payments, \$5,867.19. Balance in treasury, \$39,637.48. The opinion was read of the city solici tor on the question as to whether the city is liable for the reward of \$500 to

The solictor's opinion is that the city is not liable to either of them. Select council ordinance No. 1, ting the sale of fresh fish in Lancaster city which was read in select council.
